

## The MIECHV Oregon Retention Evaluation (MORE) Home Visitor Recruitment Script

*“While we are here, I want to give you some information about a research study that is currently taking place in Oregon. The goal of the study is to learn more about programs to support parenting.*

*You’re eligible to participate because you are receiving home visiting and you’re at least 16 years old.*

*Participation would mean participating in 2 or 3 interviews – the number of interviews will depend on how long you participate in home visiting. You would get a \$40 gift card to Walmart or Fred Meyer for each interview. You choose what kind of gift card you want.*

*To keep in touch with the researchers during that time, you will be contacted monthly to update your contact information. Each time that you answer you will be entered into a raffle to win a \$50 gift card.*

*Does this sound like something you would be interested in learning more about?”*

Client responds **Yes** to more information:

*“Great! You can fill out this flyer and mail it using the pre-paid envelope from any USPS post office box. I can mail it for you if you like. You can also use the web link on the flyer to provide your contact information and begin the enrollment process online.”*

Client responds **No** to more information:

*“Ok, that’s fine. The study is totally voluntary so it’s up to you. I’m going to leave the study information with you. You can contact the researchers if you change your mind.”*
