.d	<a href="#">Washington – Tualatin</a>	Tualatin			
28	<a href="#">Yamhill</a>	McMinnville S	Newberg S		

<sup>1</sup> **Hotspot:** The Census Bureau’s definition of a *poverty area* is a tract with a poverty rate of 20 percent or more. We define a high poverty hotspot as a census tract or contiguous group of tracts with poverty rates of 20 percent or more for two consecutive measurements. Poverty rates were measured in the Census Bureau’s 2008-2012 and 2009-2013 American Community Survey (ACS).
