

The following rules are in response to a directive received by the Governor’s Office on June 11, 2018 to address an urgent need to increase the availability of information to parents about the child care program where their children are enrolled.

“One of the highest priorities as a state is to ensure our children are in safe, healthy environments so they have the opportunity to succeed and thrive...Families deserve to know when their child care facility is violating the law.” - Governor’s Directive, 6-11-18.
