## ROLE

The Cross-Sector Steering Committee will play a key role in effective state agency engagement to support cross-sector coordination and alignment throughout the implementation of *Raise Up Oregon*. The Steering Committee will work closely with the Council by creating recommendations for Council consideration and discussion including but not limited to the following:

- Supporting cross-sector ad hoc committee work;

- Keeping the Council apprised of implementation activities, internal workgroups, or reviewing existing work that is already underway based on the priorities identified by agency directors;
- Implementation workplan reviews and progress monitoring;
- Highlighting potential policy barriers, concerns or opportunities;
- Drafting charters and identifying membership roles;
- Advising on appropriate staffing support.
