Board Action Summary

AGENDA ITEM: Central Background Registry & Training Requirements Permanent Rules Adoption

Summary of Recommended Board Action

ACTION: Adopt permanent rules pertaining to required annual health and safety training requirements to correct language for Certified Child Care Centers, Certified Family Child Care Homes and Registered Family Child Care Homes and adopt temporary rules pertaining to performing out-of-state background checks for new applicants and current enrollees in the Central Background Registry (CBR).

ISSUE:

All Rule Sets

The federal Child Care Development Block Grant (CCDBG) indicates that states must require staff of licensed child care programs to complete a health and safety training curriculum annually.

Presently, the rules for licensed child care programs requires program staff to complete the health and safety training once, with no on-going curriculum.

CCDBG further requires that states perform out-of-state background checks on all applicants and enrollees of the Central Background Registry. States are required to perform out-of-state background checks on all people currently enrolled in the CBR, not just new applicants. These temporary rules will allow the Office of Child Care to remove an enrollee if they are:

- A.) Non responsive to our information requests
- B.) If adverse information is returned from a state

These temporary rules will allow the Office of Child Care to move forward with this process immediately, reducing the backlog of background checks in an effort to come into compliance with this requirement by our waiver end date.

BACKGROUND: Temporary rules requiring the health and safety training became effective on Sept. 9, 2016. The permanent rules were adopted by the Early Learning Council on March 27, 2017. These rules only required staff of licensed programs to complete the required health and safety training only once to maintain the license.

Further review and clarification of the CCDBG mandates indicated that the health and safety training should be on ongoing curriculum to provide child care programs with up-to-date information on child health and safety.

CCDBG requires OCC to perform out of state background checks on all applicants and enrollees of the CBR. Currently, Oregon has a waiver from the federal government regarding compliance of this requirement while we put together a process. Many states have this same waiver. However, this waiver ends on September 30, 2019. Prior to the end of the waiver, the Office of Child Care

must go back and retroactively perform the out of state checks on people currently enrolled in the CBR, not just new applicants.

Each state has a different process for acquiring the needed information, such as a release form. In some cases, the enrollee has not been responsive to our information requests. As our rules are written currently, the Office of Child Care does not have the authority to remove someone from the CBR for being nonresponsive to a request pertaining to out of state checks.

ACTION PRECEDING RECOMMENDED BOARD ADOPTION:

The Early Learning Council adopted these as temporary rules on May 30, 2019. These rules were posted and available for public comment beginning on July 1, 2019. A public hearing was held on July 25, 2019. No written public comment was received and no members of the public attended the hearing.

CONCERNS:

(1) Failure to take immediate action would put the Office of Child Care regulatory standards out of compliance with the intent of the CCDBG requirements.

(2) The implementation of the temporary rules and the subsequent adoption of the permanent rules should have no immediate perceptible impact on child care providers or other stakeholders. As a child care program's license period progresses, the program could experience impacts of human resource time spent on completing the additional required training. It is important to note that this annual training will meet the ongoing training requirements.
