

Online Training Organizations Accepted in ORO

Disclaimer: This is not a comprehensive list of online training organizations that Oregon Registry Online (ORO) will accept. To be verified in ORO, an online training must meet quality requirements outlined in the [Oregon Registry: Training and Education Criteria](#) and the content must link to the [Core Knowledge Categories](#) (CKC). Oregon Center for Career Development (OCCD) has linked the content of much of the training to the CKCs and confirmed the delivery methods meet the Training & Education Criteria. OCCD is not in the business of endorsing online training organizations and this list has been provided for informational purposes.

Online training completed in one day will be limited to 10 hours. It is important to note this is for online training that is short (1-3 hours), but will not apply to distance courses that are delivered over a period of time.

Documentation of distance learning certificates **must not** be:

- Self-directed training book reports
- Video training
- Other independent study that does not meet distance education criteria

Online Training Organization	Set of Training	Cost	Languages Available
