

# SCREENING QUESTIONS FOR COVID-19

Do you or your child have the following symptoms:

- Unusual cough
- Loss of taste or smell
- Shortness of breath
- Fever

Have you or your child been exposed to a positive case of COVID-19 in the past 14 days?\*

Have you or your child been exposed to a presumptive case of COVID-19 in the past 14 days?\*

\*Exposure means close contact for longer than 15 minutes in a 24-hour period during the infectious period. The infectious period is two days before to 10 days after the person with COVID-19 symptoms first became symptomatic. If no symptoms were present, the infectious period is 2 days before the test was taken to 10 days after.
