

Oregon

Kate Brown, Governor

Early Learning Division

May 11, 2021

Dear Provider,

Starting **June 21, 2021**, the Early Learning Division will resume in-person health and safety visits. With vaccines more widely available and lower COVID-19 risk levels, it's important for the agency to make contact in the child care provider's home where care is provided. Conducting in-person visits are critical to regulatory needs and the health and safety of children and families.

As an Oregon Department of Human Services listed and approved provider, Office of Child Care (OCC) staff are legally permitted to enter the place where care is provided during business hours. If you are due for an annual health and safety visit, OCC will schedule a visit.

If you have questions, please contact OCC at ProviderContact@state.or.us.

We appreciate your continued efforts to support families and children in Oregon.

Thank you,

The Early Learning Division
